HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (I). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 12—DEPARTMENT OF REVENUE Division 10—Director of Revenue Chapter 400—Individual Income Tax

EMERGENCY RULE

12 CSR 10-400.200 Special Needs Adoption Tax Credit

PURPOSE: Section 135.327, RSMo, provides an income tax credit up to ten thousand dollars (\$10,000) for qualified expenses incurred in the adoption of a special needs child. This rule explains when the tax credit is available and how the individual may claim the credit.

EMERGENCY STATEMENT: This regulation establishes a deadline of April 15 for filing Special Needs Adoption Tax Credits. This deadline allows the Department of Revenue sufficient time to determine the amount claimed in each pool, prorate the applicable refunds, and process the refunds by the end of the fiscal year. This allows people claiming the credit to receive the benefits of the credit in the current fiscal year. In addition, taxpayers need to know the amount of credit received so they can file the appropriate claim by July 1 of the following fiscal year. This filing deadline must take effect by April 15, 2005. Therefore, the compelling governmental interest of both the department and affected taxpayers can be met only through the adoption of this emergency rule. The director has followed procedures calculated to assure fairness to all interested persons and parties and has complied with protections extended by the *Missouri* and *United*

States Constitutions. These procedures include distribution of the proposed regulation to tax preparers and professionals for comment prior to filing this emergency rule. The director has limited the scope of the emergency rule to the circumstances creating the emergency. Emergency rule filed January 7, 2005, effective January 17, 2005 and expires July 15, 2005.

(1) In general, an individual may qualify for a credit for nonrecurring expenses incurred in the legal adoption of a special needs child. The credit may be used to reduce individual income tax. The classification of a child as a "special needs child" is determined by the Children's Division of the Department of Social Services (Children's Division).

(2) Definitions of Terms.

(A) Special needs child—As certified by the Children's Division, a child-placing agency licensed by this state, or a court of competent jurisdiction. This does not include any child who has attained the age of eighteen (18); unless it has been determined the child has a medical condition or handicap that would limit the child's ability to live independently of the adoptive parents.

(B) Resident special needs child—A special needs child who was a resident of this state, or who was a ward of a resident of this state, at the time the adoption was initiated.

(C) Nonresident special needs child—A special needs child who was neither a resident of this state nor a ward of a resident of this state at the time the adoption was initiated.

(D) Qualified expenses—Reasonable and necessary nonrecurring adoption expenses including attorney fees, court costs, and other directly related expenses not taken as a deduction or credit under any similar provision of federal, state, or local law.

(E) Fiscal year—July 1 to June 30.

(F) Filing period—The filing period for claiming a credit begins on July 1 of the fiscal year and ends on April 15 of the fiscal year. If April 15 ends on a Saturday, Sunday, or a holiday, the filing period shall end on the first business day following April 15.

(3) Basic Application.

(A) An individual residing in this state who proceeds in good faith to adopt a special needs child may be eligible for an adoption tax credit. The tax credit is limited to the lesser of ten thousand dollars (\$10,000) or the actual amount of qualified expenses incurred in the adoption of each special needs child. The tax credit is available for a total of five (5) years. The five (5)-year period begins when the tax credit is first taken or the adoption is finalized, whichever occurs first, and the years for claiming the tax credit run consecutively.

(B) The lesser of one-half (1/2) of the actual amount of qualified expenses incurred or five thousand dollars (\$5,000) may be used to reduce the income tax on the adoptive parent's individual income tax return for the tax year in which the special needs child is placed in the home. The remaining tax credit may be used to reduce the income tax in the tax year the adoption is finalized.

(C) The adoption tax credit used may not exceed the income tax for the tax year. The portion of the tax credit which exceeds the income tax shall not be refunded but may be carried forward and used against the taxpayer's income tax for the subsequent four (4) tax years from the year the child is placed in the home.

(D) The owner of an adoption tax credit may assign, transfer or sell the credit. To claim the credit, the buyer must provide a statement signed by the seller that includes the names, addresses, and Social Security numbers of the buyer and seller, the date the credit was sold, the amount of tax credit sold, and a copy of the Form MO-ATC completed by the adoptive parents.

(E) The adoption tax credit is subject to the original owner's delinquent income, sales, and use taxes, including interest and penalties.

(F) No credit shall be allowed for that portion of the qualified expenses paid from any funds received under any federal, state or local program.

(G) The credit shall be reduced by an amount equal to the state's cost of providing care, treatment, maintenance and services when:

1. There is no intent to return the child to the adoptive home and the special needs child is placed in foster care or a residential treatment facility, which is licensed by the Division of Family Services, the Division of Youth Services, or the Department of Mental Health; or

2. A juvenile court temporarily or finally relieves the adoptive parents of custody of the special needs child.

(H) Only one (1) ten thousand dollar (\$10,000) credit is available for each special needs child that is adopted.

(I) The cumulative amount of tax credits that may be issued for qualified expenses in any one (1) fiscal year cannot exceed \$4,000,000 of which \$2,000,000 may only be issued for the adoption of resident special needs children. The remaining \$2,000,000 is available first for credits claimed during the first ninety (90) days of the fiscal year for the adoption of nonresident special needs children. If less than \$2,000,000 is claimed during the ninety (90)-day period for nonresident special needs children, the remainder is available for credits claimed for the adoption of resident special needs children. If the remaining credit is not used for the adoption of resident special needs children, it is available for the adoption of nonresident special needs children.

(J) If the total credits claimed exceed the amount available in either category, the credits will be apportioned pro rata among all of the taxpayers in each category who have filed a valid claim within the filing period.

(K) All claims filed after the filing period and received before the beginning of the next filing period will be accepted in the order that they are filed until the amount available for that category is depleted. If no funds are available for that category, the claim will be denied, and may be refiled during the filing period for the following fiscal year.

(L) In the first year in which the credit is claimed, any taxpayer claiming this tax credit must attach to the individual income tax return a completed Missouri Department of Revenue Form ATC. This form can be accessed from the Department of Revenue's website at <http://www.dor.mo.gov/tax/personal/individual/forms/2004>, under tax credit forms.

(4) Examples.

(A) A special needs child is placed in the home and the adoption is finalized in 2002. The taxpayer incurred \$15,000 in qualified expenses. The taxpayer has income tax of \$6,000 for the tax year. The individual may use \$6,000 in 2002 and has \$4,000 to carry forward to 2003.

(B) A special needs child is placed in the home in 2002. The adoption is finalized in 2003. The individual incurred \$15,000 in qualified expenses. The individual has income tax of \$6,000 for 2002. Because the credit is limited to 50% of the total credit in the year that the child is placed in the home, the individual may only use \$5,000 in 2002 and has \$5,000 to carry forward to 2003.

(C) A special needs child is placed in the home in 2002. The adoption is finalized in 2004. The individual incurred \$15,000 in qualified expenses. The individual has income tax of \$6,000 for 2002, and may use \$5,000 of credit in that year (50% of the total credit of \$10,000). Because the adoption was not finalized until 2004, the individual has no credit available for 2003, and has \$5,000 available for 2004.

(D) A special needs child is placed in the home in 2002. The adoption is finalized in 2004. The individual incurred \$15,000 in qualified expenses. The individual has income tax of \$3,000 for 2002 and for 2003. The individual may use \$3,000 of the \$5,000 available credit in 2002, \$2,000 of the credit in 2003, and has another \$5,000 available for 2004.

(E) A special needs child is placed in the home in 2002. The adoption is finalized in 2004. The individual incurred a total of \$8,000 in qualified expenses. The individual has income tax of \$3,000 for 2002 and for 2003. The individual may use \$3,000 of the \$4,000 available credit in 2002, \$1,000 of the credit in 2003, and has another \$4,000 available for 2004.

(F) An individual incurred a total of \$10,000 in qualified expenses related to the adoption of a resident special needs child. The individual incurred income tax of \$3,000 in 2004 and filed a 2004 return on April 30, 2005, after the filing period for the adoption tax credit. At the end of the filing period, the aggregate amount of resident adoption tax credit that was claimed was \$1,998,000, and no other resident adoption tax credit claims were filed prior to the individual's return. The individual's credit is limited to the remaining \$2,000 of available credit for the fiscal year ending June 30, 2005, and \$1,000 of the individual's credit will be denied.

(G) The individual incurred a total of \$10,000 of qualified adoption expenses and income tax of \$3,000 for 2004. The individual filed a 2004 return within the filing period to claim the credit. The total claims for the adoption expenses for nonresident special needs children filed within the filing period equaled \$4,000,000. The individual will be approved for a credit of \$1,500 for 2004, 50% of the credit claimed (\$2,000,000 divided by \$4,000,000), and will have \$8,500 of credit available for 2005.

(H) A special needs child is placed in the home and the adoption is finalized in 2004. The individual incurred \$15,000 in qualified expenses and had income tax of \$6,000 for the tax year. The individual filed a 2004 return after the end of the filing period, and the cumulative amount of tax credits available for the fiscal year had been reached. The individual's claim for \$6,000 in 2004 will be denied, and the individual has \$10,000 to carry forward to 2005.

(I) A car dealer accepts an adoption tax credit as payment for a car. The car dealer may use the adoption tax credit to offset any income tax, subject to the applicable restrictions. No portion of the credit is refundable, but can be carried over for the remaining life of the credit.

(J) In the year the adoption is finalized and after the tax credit had been sold, a juvenile court temporarily relieved the parents of custody, at a total cost to the state of \$8,000. The credit of \$10,000 will be reduced by the amount of the state's cost in providing care, and the transferee of the credit has \$2,000 available.

(K) A special needs child is placed in the home and the adoption is finalized in 1999. The individual incurred \$15,000 in qualified expenses. The individual has income tax of \$6,000 each tax year. The individual did not claim an adoption tax credit on the individual's 1999 through 2003 returns. The individual may not claim a credit for 2004. However, the individual may file amended returns for any tax year for which the statute of limitations remains open and claim the adoption tax credit.

(L) An individual adopts a special needs child in a foreign country and the adoption was finalized in the foreign country in 1999. The individual incurred \$14,000 in qualified expenses and owed no income tax in 1999, 2000, or 2001, and owed income tax of \$4,000 for 2002. The individual claimed \$4,000 adoption tax credit on the tax return for 2002. The unused \$6,000 of qualified expenses is available to be carried over to 2003, but no further.

AUTHORITY: section 143.961, RSMo 2000. Emergency rule filed Jan. 7, 2005, effective Jan. 17, 2005, expires July 15, 2005. A proposed rule covering this same material is published in this issue of the Missouri Register.

The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo Supp. 2004.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

(G) Decals assigned to licensed installers may only be transferred by the commission.

(H) If an installer license is suspended, revoked or expires, or the installer is no longer in business, all unused decals issued to that person shall be returned to the commission. The decal fee may be refunded by the commission, if a refund application is completed by the applicant as provided by the commission.

(2) The commission may deny any request for decals when:

(A) An inspection reveals that a manufactured home or tie-down installation is not installed according to the manufacturer's installation manual or setup standards and no corrective action, or insufficient corrective action is taken by the installer as required by this program;

(B) An installer's license has expired, or has been suspended or revoked, or there is evidence of failure to comply with the requirements described in the program; and

(C) The applicant has failed to file the monthly installation decal report.

(A) A licensed installer who has purchased installation decals directly from the commission shall submit a monthly report with the commission no later than the tenth of the month following the month when the decals were placed.

(B) The report must be filed on the commission's Installation Decal Report Form. The forms may be obtained from the Missouri Public Service Commission, PO Box 360, Jefferson City, MO 65102.

(C) The director may reject all monthly reports that are incomplete.

(D) Failure to submit a completed monthly report by the due date could result in suspension or revocation of the installer's license.

(E) A report must be filed for each month or part of the month for which the installer is licensed. If no decals are placed or installed in a given month, the installer must file the usual form no later than the tenth of the following month.

(F) The licensed installer or a representative of the licensed installer must sign the report.

(G) The licensed installer shall maintain a copy of this report for his/her records.

(H) Each installation decal report shall include the licensed installer's name and license number, as well as the licensed installer's street address, city, state, zip code, and telephone number. In addition, the report shall provide the following information for each installation:

1. The installation decal number;
2. The county, home address and phone number of the homeowner;
3. The date of the installation;
4. The name of the home's manufacturer;
5. The manufactured home serial number and year built;
6. The size of the manufactured home;
7. The dealer's name; and

Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 5—Conduct of Gaming

PROPOSED AMENDMENT

11 CSR 45-5.200 Progressive Slot Machines. The commission is amending sections (1), (2), (4)–(13), adding new sections (8), (9) and (15), and renumbering the remaining sections.

PURPOSE: This rule is being amended to add an auditing requirement, expand the permitted locations for central monitoring systems, and clarify that all provisions of the rule apply to wide-area progressive slot machines.

(1) As used in this rule—

(C) Progressive jackpot means a slot machine payoff that increases *[and]* over time solely as a function of *[coins]* **the amount** played on a machine or group of machines;

(D) Wide-area progressive means a system of slot machines *[that are]* **with an aggregate prize(s)** linked across a *[tele]*communication *[lines as part of a]* network *[connecting]* **approved by the commission which connects separate** *[excursion gambling boats]* **gambling establishments** licensed **or approved** by the commission *[with an aggregate prize(s)]*; *and*

(2) A meter that shows the amount of the progressive jackpot must be conspicuously displayed at or near the machines to which the jackpot applies. At least once a day, each licensee shall record the amount shown on each progressive jackpot meter at the licensee's establishment except for those jackpots that can be paid directly **by the machine either** from the machine's hopper **or other mechanism approved by the commission and, except for wide-area progressive systems, shall reconcile each meter's amount to the progression rate multiplied by the amount-in for the period between which the meter amounts were recorded.** The licensee authorized to provide a wide-area progressive system shall perform the required reconciliation for each system provided by such licensee. Explanations for meter reading *[decreases]* differences **or adjustments thereto** must be maintained with the progressive meter reading sheets and where the payment of a jackpot is the explanation for a decrease, the *[operator]* licensee shall record the jackpot payout form number on the sheet or have the number reasonably available. *[A holder of a Class A license]* **Each licensee** shall record the base amount of each progressive jackpot the *[Class A]* licensee offers.

(4) *[The Class]* A licensee shall not reduce the amount displayed on a progressive jackpot meter or otherwise reduce or eliminate a progressive jackpot unless—

(A) A player wins the jackpot; **or**

(B) The *[Class A]* licensee adjusts the progressive jackpot meter to correct a malfunction or to prevent the display of an amount greater than a limit imposed pursuant to section (3) of this rule and the *[Class A]* licensee documents the adjustment and the reasons for it; **or**

(C) The *[Class A]* licensee's gaming operations at the establishment cease for any reason other than a temporary closure where the same licensee resumes gaming operations at the same establishment within a month; *[and]* **or**

(D) The licensee distributes the incremental amount to another progressive jackpot *[at the Class A licensee's establishment]* **as approved in writing by the commission** and—

1. The *[Class A]* licensee documents the distribution;

2. Any machine offering the jackpot to which the *[Class A]* licensee distributes the incremental amount does not require that more money be played on a single play to win the jackpot than the machine from which the incremental amount is distributed;

3. Any machine offering the jackpot to which the incremental amount is distributed complies with the minimum theoretical payout requirement of 11 CSR 45-5.190(1); **and**

4. The distribution is completed within thirty (30) days after the progressive jackpot is removed from play or within a longer period as the commission for good cause may approve; **or**

[5.] (E) The commission for good cause approves a reduction, elimination, distribution, or procedure not otherwise described in this section, which approval is confirmed in writing.

(5) The operation of wide-area progressive slot machines is allowed subject to **compliance with all other requirements of this rule, in addition to** the following conditions:

(A) The wide-area system must have the ability to monitor entry into the *[front]* main door of each networked slot machine as well as the logic area of each networked slot machine and report it to the central system immediately;

(B) A licensee utilizing a wide-area progressive system must suspend play on the system if a communication failure in the system cannot be corrected within a period of time approved by the commission prior to the commencement of play on the wide-area progressive system. If a communication failure occurs in a wide-area progressive system, the *[Class A]* licensee **of** **authorized to provide** the system must take a reading during the time the system is down to make sure that the jackpot amount is the same at all excursion gambling boats connected to the system before bringing the system that failed back online;

(D) Jackpot verification procedures must include the following:

1. When a jackpot is won, the licensee authorized to provide the wide-area system may inspect the machine when accompanied by a gaming agent. The inspection *[may]* **shall** include examining the *[EPROM]* **critical program storage media**, the error events received by the central system, and any other data which could reasonably be used to ascertain the validity of the jackpot;

2. The central system shall produce reports that will clearly demonstrate the method of arriving at the payoff amount. This shall include the *[coins]* **amount** contributed beginning at the *[polling cycle]* **data transfer** immediately following the previous jackpot and will include all *[coins]* **amounts** contributed up to, and including, the *[polling cycle]* **data transfer**, which includes the jackpot signal. *[Coins]* **Amounts** contributed to the system before the jackpot message is received will be deemed to have been contributed to the progressive amount prior to the current jackpot. *[Coins]* **Amounts** contributed to the system subsequent to the jackpot message being received will be deemed to have been contributed to the progressive amount of the next jackpot;

3. The jackpot may be paid in installments as long as each machine clearly displays the fact that the jackpot will be paid in installments. In addition, the number of installments and time between installments must be clearly displayed on the face of the machine in a non-misleading manner that is approved by the commission; and

4. Two (2) jackpots that occur in the same *[polling cycle]* **data transfer** will be deemed to have occurred simultaneously and therefore, each "winner" shall receive the full amount shown on the meter unless another method of operation has been approved in advance by the commission;

(E) Approval by the commission of any wide-area progressive system shall occur in two (2) phases—

1. The "initial approval" stage, wherein the underlying gaming devices and *[communication]* **any associated device or system, including all hardware** *[are tested and approved]* **and software, shall be subject to testing by the commission or an independent testing laboratory designated by the commission; and review and approval by the commission. Testing shall include examination for adherence to the regulatory and technical standards adopted by the commission; and**

2. The "on-site testing" phase, wherein a field inspection is conducted at the central computer site as well as multiple field sites to ensure compliance with these rules. Operation of the system will be authorized only after the commission is satisfied that the system meets both the Phase I and Phase II testing requirements, as well as any other requirements that the commission may impose to assure the integrity, security and legal operation of the wide-area progressive system;

(G) Any licensee authorized to provide a wide-area progressive system, must supply, as requested, reports and information to the commission indicating the amount of, and basis for, the current jack-

pot amount (the amount currently in play). Such reports shall include an "aggregate report" and a "detail report." The "aggregate report" shall show only the balancing of the system with regard to system-wide totals. The "detail report" shall be in such form as to indicate for each machine, summarized by location, the *[coin]* **amount-in** and *[coin]* **amount-out** totals as such terms are commonly understood in the industry. In addition, upon the invoicing of any licensee participating in a wide-area progressive system, each such licensee must be given a printout of each machine **at that licensee's establishment** linked to the system, the *[coins]* **amount** contributed by each machine to the jackpot for the period for which an invoice is remitted, and any other information required by the commission to confirm the validity of the licensee's contributions to the jackpot amount;

(I) In calculating Adjusted Gross Receipts, a licensee may deduct its *pro rata* share of the present value of any progressive jackpots awarded during the month. The deducted amount shall be listed on the detailed accounting records provided by the *[person]* **licensee** authorized to provide the wide-area progressive system. A licensee's contribution is based on the *[number of coins]* **amount-in** from *[that licensee's]* **machines at that licensee's gaming establishment which are** on the wide-area progressive system, compared to the total amount *[of coins]*-in on the whole system for the time period(s) between jackpot(s) awarded;

(L) The central monitoring system for the wide-area progressive system must be *[located within the state of Missouri]* **in a location approved by the commission**. The office containing the central monitoring system shall be **secure** and equipped with a surveillance system that has been approved by the commission. **The central monitoring system shall employ on-line data redundancy that permits a complete and prompt recovery of all information in the event of any malfunction and utilize environmental controls such as uninterruptible power supplies and fireproof and waterproof materials to protect critical hardware and software from natural disasters**. The licensee authorized to provide a wide-area progressive system shall be required to keep and maintain an entry and exit log for the office in a manner approved by the commission. The commission shall at all times have the right to immediate access to the office containing the central monitoring system and the system itself~~;/~~. **If the licensee operating the central monitoring system proposes to locate the system outside the state of Missouri, the licensee shall reimburse the commission for all reasonable and necessary expenses incurred by its agents:**

1. **To travel to the site to inspect the system's configuration and operation prior to authorizing use of the system;**

2. **To otherwise inspect the system location in connection with investigations concerning failures of the system or its operation; or**

3. **For such other reasons as the commission deems appropriate;**

(M) The provider of the wide-area progressive system may not allow any agent or employee to work on any component of the system until that person has obtained a level II occupational license from the commission~~;/~~; however, the commission may require any agent or employee of the licensee to obtain a level I occupation license;

(N) The licensee authorized to provide a wide-area progressive system, must *[supply]* **maintain** a copy of all lease and contractual agreements relating to the wide-area progressive system **and supply a copy to the commission upon request;**

(O) **The licensee authorized to provide a wide-area progressive system shall ensure the wide-area progressive system prize fund (the amount of money contributed by the participating licensees) *[must be]* is audited, in accordance with generally accepted auditing standards, on the fiscal year-end of the licensee *[authorized to provide the system]*, by an independent **certified public accountant** licensed by the Missouri State Board of Accountancy pursuant to Chapter 326, RSMo. Two (2) copies of this report must be submitted to the commission upon *[completion]* **issuance** of the audit**

report or ninety (90) days after the conclusion of the licensee's fiscal year, whichever occurs first. The cost of the audit shall be paid by the licensee providing the wide-area progressive system; and

(6) *[Class A]* Licensees shall preserve the records required by this rule for at least five (5) years after they are made unless the commission approves otherwise in writing. The records should be stored in a location acceptable to the commission.

(7) During the normal mode of progressive slot machines, the progressive controller, or other approved device must continuously monitor each machine on the link for **amounts** inserted *[coins]* and must multiply the accepted *[coins]* **amounts** by the rate of progression and denomination in order to determine the correct amounts to apply to the progressive jackpot. The progressive display must be constantly updated, in a manner approved by the commission, as play on the link is continued.

(8) **Progressive slot machines shall not be multi-game or multi-denomination devices unless:**

(A) The computerized slot monitoring system required by 11 CSR 45-5.220 separately and accurately accounts for the amount-in for each denomination and game, or all games offered for play by the devices contribute to the progressive jackpot; and

(B) The odds of attaining the winning combination are the same for each game; and

(C) Each game requires the same maximum wager to win the progressive jackpot, or if requiring different maximum wagers, utilizes the expected value of winning the top award by setting the odds of winning the top award in proportion to the amount wagered. The method of equalizing the expected value of winning the top award shall be conspicuously displayed on each device connected to the system.

(9) The odds of winning a progressive jackpot shall not be greater than one in fifty million (1:50,000,000) unless specifically approved in writing by the commission.

[[8]] (10) Each progressive controller must be housed in a secure, locked location which allows only authorized accessibility and which contains a progressive entry authorization log that is completed by any person gaining entrance to the secured location. Both the location housing progressive controllers and the form on which entry is logged shall be reviewed for approval by the commission prior to use. The storage medium that contains the progressive controller program shall have a unique signature that allows program verification by an agent of the commission through use of a commission approved verification device. After verification the storage medium shall be secured in the controller with a commission security seal. The security seal must be affixed by and may only be broken and removed by an authorized commission agent. Additionally, *[E]*each progressive controller linking one (1) or more wide-area progressive slot machines must be housed in a double-keyed compartment. A gaming agent must be in possession of one (1) of the keys. *[No]* and no person may have access to *[a]* the controller without *[notice to]* the presence of a gaming agent. *[All progressive slot machines must have a progressive entry authorization log within each controller and the log must be completed by any person gaining entrance to the controller. The log must be entered on a form provided by the commission.]* Normal operation of progressive gaming devices notwithstanding, communication to a progressive controller shall be permitted only by authorized personnel through entrance to the controller's secured location and who document such access and the purpose therefore on the progressive entry authorization log.

[[9]] (11) If this rule prescribes multiple items of information to be displayed on a slot machine, it is sufficient to have the information displayed in an alternating fashion.

[[10]] (12) In addition to the metering requirements provided for in the *[m]*Minimum *[i]*Internal *[c]*Control *[s]*Standards (MICS), each slot machine attached to one (1) or more wide-area progressive slot machine meters must have a separate software meter that counts the number of times each primary progressive meter is activated.

[[11]] (13) Each machine must have a separate key and key switch to reset the progressive meter or meters or another reset mechanism that has the approval of the director.

[[12]] (14) Unless the commission has approved the payment of prizes by installments, a licensee who has a progressive slot machine must maintain minimum cash reserves in accordance with 11 CSR 45-8.150. The commission must approve all such cash reserves. Notwithstanding the provisions of 11 CSR 45-5.240 Periodic Payments, to the contrary, the commission shall require that the licensee authorized to provide a wide-area progressive system—

(A) Maintain in a restricted account a reserve consisting of cash, United States Government Treasury Securities, United States Government Agency Securities and/or Missouri state debt instruments of not less than the sum of the following amounts:

1. The present value of the aggregate remaining balances owed on all jackpots previously won by patrons through the wide-area progressive system; and

2. An amount sufficient to fully fund the present value of all amounts currently reflected on the progressive meters of the wide-area progressive systems; and

(B) In addition, the licensee authorized to provide the wide-area system shall at all times satisfy and be in compliance with the following ratios and tests:

1. An interest coverage ratio of not less than three to one (3:1); and

2. Debt to EBITDA (earnings before interest, taxes, depreciation and amortization) of not more than four to one (4:1); and

3. Satisfaction of one of the following ratios and tests:

A. A current ratio of not less than two to one (2:1); or

B. Working capital that is greater than twenty percent (20%) of the licensee's total jackpot liability; or

C. Working capital in excess of one hundred (100) million dollars and a credit rating from at least two (2) of the following credit rating organizations equal to or higher than the following:

(I) Standard & Poor's Corporate BBB-;

(II) Moody's Long-Term Baa3; or

(III) Fitch Corporate BBB-.

(15) The requirements of this rule shall apply equally to one (1) progressive gaming device linked to a progressive controller or which is internally controlled, as well as several progressive gaming devices linked to one (1) progressive controller within one (1) casino or multiple casinos.

[[13]] (16) In addition to the requirements of this rule, all licensees shall comply with *[Section]* Chapter E of the Minimum Internal Control Standards as authorized by 11 CSR 45-9.030.

**Title 12—DEPARTMENT OF REVENUE
Division 10—Director of Revenue
Chapter 400—Individual Income Tax**

PROPOSED RULE

12 CSR 10-400.200 Special Needs Adoption Tax Credit

PURPOSE: Section 135.327, RSMo, provides an income tax credit up to ten thousand dollars (\$10,000) for qualified expenses incurred in the adoption of a special needs child. This rule explains when the tax credit is available and how the individual may claim the credit.

(1) In general, an individual may qualify for a credit for nonrecurring expenses incurred in the legal adoption of a special needs child. The credit may be used to reduce individual income tax. The classification of a child as a "special needs child" is determined by the Children's Division of the Department of Social Services (Children's Division).

(2) Definitions of Terms.

(A) Special needs child—As certified by the Children's Division, a child-placing agency licensed by this state, or a court of competent jurisdiction. This does not include any child who has attained the age of eighteen (18); unless it has been determined the child has a medical condition or handicap that would limit the child's ability to live independently of the adoptive parents.

(B) Resident special needs child—A special needs child who was a resident of this state, or who was a ward of a resident of this state, at the time the adoption was initiated.

(C) Nonresident special needs child—A special needs child who was neither a resident of this state nor a ward of a resident of this state at the time the adoption was initiated.

(D) Qualified expenses—Reasonable and necessary nonrecurring adoption expenses including attorney fees, court costs, and other directly related expenses not taken as a deduction or credit under any similar provision of federal, state, or local law.

(E) Fiscal year—July 1 to June 30.

(F) Filing period—The filing period for claiming a credit begins on July 1 of the fiscal year and ends on April 15 of the fiscal year. If April 15 ends on a Saturday, Sunday, or a holiday, the filing period shall end on the first business day following April 15.

(3) Basic Application.

(A) An individual residing in this state who proceeds in good faith to adopt a special needs child may be eligible for an adoption tax credit. The tax credit is limited to the lesser of ten thousand dollars (\$10,000) or the actual amount of qualified expenses incurred in the

adoption of each special needs child. The tax credit is available for a total of five (5) years. The five (5)-year period begins when the tax credit is first taken or the adoption is finalized, whichever occurs first, and the years for claiming the tax credit run consecutively.

(B) The lesser of one-half (1/2) of the actual amount of qualified expenses incurred or five thousand dollars (\$5,000) may be used to reduce the income tax on the adoptive parent's individual income tax return for the tax year in which the special needs child is placed in the home. The remaining tax credit may be used to reduce the income tax in the tax year the adoption is finalized.

(C) The adoption tax credit used may not exceed the income tax for the tax year. The portion of the tax credit which exceeds the income tax shall not be refunded but may be carried forward and used against the taxpayer's income tax for the subsequent four (4) tax years from the year the child is placed in the home.

(D) The owner of an adoption tax credit may assign, transfer or sell the credit. To claim the credit, the buyer must provide a statement signed by the seller that includes the names, addresses, and Social Security numbers of the buyer and seller, the date the credit was sold, the amount of tax credit sold, and a copy of the Form MO-ATC completed by the adoptive parents.

(E) The adoption tax credit is subject to the original owner's delinquent income, sales, and use taxes, including interest and penalties.

(F) No credit shall be allowed for that portion of the qualified expenses paid from any funds received under any federal, state or local program.

(G) The credit shall be reduced by an amount equal to the state's cost of providing care, treatment, maintenance and services when:

1. There is no intent to return the child to the adoptive home and the special needs child is placed in foster care or a residential treatment facility, which is licensed by the Division of Family Services, the Division of Youth Services, or the Department of Mental Health; or

2. A juvenile court temporarily or finally relieves the adoptive parents of custody of the special needs child.

(H) Only one (1) ten thousand dollar (\$10,000) credit is available for each special needs child that is adopted.

(I) The cumulative amount of tax credits that may be issued for qualified expenses in any one (1) fiscal year cannot exceed \$4,000,000, of which \$2,000,000 may only be issued for the adoption of resident special needs children. The remaining \$2,000,000 is available first for credits claimed during the first ninety (90) days of the fiscal year for the adoption of nonresident special needs children. If less than \$2,000,000 is claimed during the ninety (90)-day period for nonresident special needs children, the remainder is available for credits claimed for the adoption of resident special needs children. If the remaining credit is not used for the adoption of resident special needs children, it is available for the adoption of nonresident special needs children.

(J) If the total credits claimed exceed the amount available in either category, the credits will be apportioned *pro rata* among all of the taxpayers in each category who have filed a valid claim within the filing period.

(K) All claims filed after the filing period and received before the beginning of the next filing period will be accepted in the order that they are filed until the amount available for that category is depleted. If no funds are available for that category, the claim will be denied, and may be refiled during the filing period for the following fiscal year.

(L) In the first year in which the credit is claimed, any taxpayer claiming this tax credit must attach to the individual income tax return a completed Missouri Department of Revenue Form ATC. This form can be accessed from the Department of Revenue's website at <http://www.dor.mo.gov/tax/personal/individual/forms/2004>, under tax credit forms.

(4) Examples.

(A) A special needs child is placed in the home and the adoption is finalized in 2002. The taxpayer incurred \$15,000 in qualified expenses. The taxpayer has income tax of \$6,000 for the tax year. The individual may use \$6,000 in 2002 and has \$4,000 to carry forward to 2003.

(B) A special needs child is placed in the home in 2002. The adoption is finalized in 2003. The individual incurred \$15,000 in qualified expenses. The individual has income tax of \$6,000 for 2002. Because the credit is limited to 50% of the total credit in the year that the child is placed in the home, the individual may only use \$5,000 in 2002 and has \$5,000 to carry forward to 2003.

(C) A special needs child is placed in the home in 2002. The adoption is finalized in 2004. The individual incurred \$15,000 in qualified expenses. The individual has income tax of \$6,000 for 2002, and may use \$5,000 of credit in that year (50% of the total credit of \$10,000). Because the adoption was not finalized until 2004, the individual has no credit available for 2003, and has \$5,000 available for 2004.

(D) A special needs child is placed in the home in 2002. The adoption is finalized in 2004. The individual incurred \$15,000 in qualified expenses. The individual has income tax of \$3,000 for 2002 and for 2003. The individual may use \$3,000 of the \$5,000 available credit in 2002, \$2,000 of the credit in 2003, and has another \$5,000 available for 2004.

(E) A special needs child is placed in the home in 2002. The adoption is finalized in 2004. The individual incurred a total of \$8,000 in qualified expenses. The individual has income tax of \$3,000 for 2002 and for 2003. The individual may use \$3,000 of the \$4,000 available credit in 2002, \$1,000 of the credit in 2003, and has another \$4,000 available for 2004.

(F) An individual incurred a total of \$10,000 in qualified expenses related to the adoption of a resident special needs child. The individual incurred income tax of \$3,000 in 2004 and filed a 2004 return on April 30, 2005, after the filing period for the adoption tax credit. At the end of the filing period, the aggregate amount of resident adoption tax credit that was claimed was \$1,998,000, and no other resident adoption tax credit claims were filed prior to the individual's return. The individual's credit is limited to the remaining \$2,000 of available credit for the fiscal year ending June 30, 2005, and \$1,000 of the individual's credit will be denied.

(G) The individual incurred a total of \$10,000 of qualified adoption expenses and income tax of \$3,000 for 2004. The individual filed a 2004 return within the filing period to claim the credit. The total claims for the adoption expenses for nonresident special needs children filed within the filing period equaled \$4,000,000. The individual will be approved for a credit of \$1,500 for 2004, 50% of the credit claimed (\$2,000,000 divided by \$4,000,000), and will have \$8,500 of credit available for 2005.

(H) A special needs child is placed in the home and the adoption is finalized in 2004. The individual incurred \$15,000 in qualified expenses and had income tax of \$6,000 for the tax year. The individual filed a 2004 return after the end of the filing period, and the cumulative amount of tax credits available for the fiscal year had been reached. The individual's claim for \$6,000 in 2004 will be denied, and the individual has \$10,000 to carry forward to 2005.

(I) A car dealer accepts an adoption tax credit as payment for a car. The car dealer may use the adoption tax credit to offset any income tax, subject to the applicable restrictions. No portion of the credit is refundable, but can be carried over for the remaining life of the credit.

(J) In the year the adoption is finalized and after the tax credit had been sold, a juvenile court temporarily relieved the parents of custody, at a total cost to the state of \$8,000. The credit of \$10,000 will be reduced by the amount of the state's cost in providing care, and the transferee of the credit has \$2,000 available.

(K) A special needs child is placed in the home and the adoption is finalized in 1999. The individual incurred \$15,000 in qualified expenses. The individual has income tax of \$6,000 each tax year. The individual did not claim an adoption tax credit on the individual's 1999 through 2003 returns. The individual may not claim a credit for 2004. However, the individual may file amended returns for any tax year for which the statute of limitations remains open and claim the adoption tax credit.

(L) An individual adopts a special needs child in a foreign country and the adoption was finalized in the foreign country in 1999. The individual incurred \$14,000 in qualified expenses and owed no income tax in 1999, 2000, or 2001, and owed income tax of \$4,000 for 2002. The individual claimed \$4,000 adoption tax credit on the tax return for 2002. The unused \$6,000 of qualified expenses is available to be carried over to 2003, but no further.

AUTHORITY: section 143.961, RSMo 2000. Emergency rule filed Jan. 7, 2005, effective Jan. 17, 2005, expires July 15, 2005. Original rule filed Jan. 7, 2005.

PUBLIC COST: Based on the fiscal note prepared by Division of Oversight (HB 1453) the changes to section 135.327, RSMo, reflected in the proposed rule will cost the state \$1,500,000 to \$2,000,000 in FY05 and one hundred thousand dollars (\$100,000) to \$2,000,000 for FY's 06 and 07. This proposed rule will cost the Department of Revenue nine thousand five hundred thirty dollars (\$9,530) with that cost recurring annually over the life of the rule. DSS has indicated there are no monetary costs to DSS associated with this rule. The fiscal note prepared by Division of Oversight did not reflect costs to any other state agencies or political subdivisions for this portion of the law.

PRIVATE COST: This proposed rule is estimated to cost private entities sixty-two thousand three hundred sixteen dollars (\$62,316) in the aggregate with that cost recurring annually over the life of the rule.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Department of Revenue, Office of Legislation and Regulations, PO Box 629, Jefferson City, MO 65105. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

Type of Rulemaking:	Proposed Rule

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Annual Cost of Compliance in the Aggregate
Missouri Department of Revenue	\$9,530
Missouri Department of Social Services	\$0

III. WORKSHEET

It costs the Department of Revenue \$2.72 to process each adoption tax credit claim. Based on the number of filers claiming the adoption tax credit in FY04 (1,835), the aggregate costs for DOR to process the claims are \$4,991. In addition to the processing costs, apportioning the funds available on all valid claims as required by section 135.327, RSMo will require one TPT IV and one TPT II for a minimum of 20 days totaling \$4,303. Postage costs for the adjustment notices will total an estimated \$233. Costs for processing, apportioning and postage total \$9,530. The Department of Social Services (DSS) maintains certain data regarding these credits. According to DSS this rule does not change DSS' processes or procedures; therefore, there are no monetary costs to DSS.

IV. Assumptions

The non-resident claims will continue to exceed \$2,000,000 requiring apportionment of the available funds for the category among all valid claims. No apportionment will be required for resident special needs children. The funds available for non-resident special needs children must be apportioned among all filers with non-resident special needs adopted children. No filers in the non-resident category will receive the full amount claimed. Adjustment notices will be required for an estimated 800 filers. Salaries for FTE required for processing are as of FY2005.

III. WORKSHEET

The Department of Revenue received 1,835 amended individual income tax returns from individuals and businesses claiming a special needs adoption tax credit in FY2004. The estimated cost to prepare, file and mail an amended individual income tax return is \$33.96. The total annual aggregate costs for all affected entities are \$62,316.

IV. ASSUMPTIONS

The average hourly rate is \$16.62 and it takes two hours recordkeeping and return preparation to complete an amended individual income tax return claiming an adoption tax credit with mailing costs of \$0.72 each. Ten percent or less of all individual income tax returns are filed by businesses claiming the special needs adoption tax credit. These recordkeeping and additional return preparation costs directly related to the filing of amended returns are expected to be more than offset by the reduction in tax on the Missouri return.

**Title 7—DEPARTMENT OF TRANSPORTATION
Division 10—Missouri Highways and Transportation
Commission
Chapter 25—Motor Carrier Operations****ORDER OF RULEMAKING**

By the authority vested in the Missouri Highways and Transportation Commission under sections 226.008, RSMo Supp. 2004 and 387.060, RSMo 2000, the commission adopts a rule as follows:

**7 CSR 10-25.040 Notice to be Given to Consumers by Household
Goods Carriers—Timing of Delivery, Form and Contents
is adopted.**

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 15, 2004 (29 MoReg 1352-1355). No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission received four (4) comments during the comment period.

COMMENT: The Missouri Movers Association commented that a hardship is created for the household goods mover by requiring the Household Goods pamphlet be given to customers each time an estimate is given. The Missouri Movers Association requested that the rule be revised to remove subsections 7 CSR 10-25.040(2)(A) and 7 CSR 10-25.040(2)(B).

RESPONSE: The commission has reviewed the comment of the Missouri Movers Association and declines to make the requested change. That proposed change would result in household goods movers not having to provide the notice pamphlet to customers until the customers have entered into binding, contractual relationships with the movers. By deferring the giving of notice until after the customer is legally obligated to one mover would defeat one of the purposes of the rule, to provide prospective customers with relevant information, when it can assist them in evaluating the services offered and prices asked by various movers in the marketplace. This is intended to help consumers in selecting the mover, services, and prices that best fit their needs.

COMMENT: The Missouri Movers Association requested inclusion of a list of Certified Household Goods Movers in the pamphlet.

RESPONSE: The commission has considered the comment and declines to make the requested change. To publish a list of all the household goods carriers currently authorized by the Missouri Department of Transportation (MoDOT) within these notice pamphlets would be impractical, because every change in the status of listed carriers would require a corresponding change in the printed pamphlets. The Certified Household Goods Movers list would require frequent changes due to the addition of new authorized carriers, and the suspension or revocation of certificates of existing authorized carriers. That would make pamphlets already printed by MoDOT inaccurate and outdated, perhaps even before they can be distributed to carriers and prospective customers. However, the commission agrees that it is desirable to increase public awareness of which household goods movers currently possess MoDOT certificates. Therefore, the commission has approved inclusion of the Certified Household Goods Movers list on the MoDOT Motor Carrier Services website, because that list can be updated more efficiently.

COMMENT: The Missouri Movers Association requested inclusion of the Missouri Department of Transportation, Motor Carriers Division website address in the pamphlet.

RESPONSE: The commission agrees, and has approved inclusion in the notice pamphlet of the URL address of the Motor Carrier Services website, found at www.carrier.state.mo.us.

COMMENT: A representative of the Missouri Motor Carriers Association (MMCA) also commented on the proposed text of the informational pamphlet, suggesting numerous minor text changes and additions to clarify the meaning of the pamphlet.

RESPONSE: The commission approved most of the wording changes proposed by the MMCA's representative, as well as several other changes as to wording, style and form in order to clarify the meaning of the pamphlet. However, the commission declines to adopt a few of the minor wording changes proposed by MMCA's representative, because they are inconsistent with, or do not clarify, the commission's intended meaning of the text.
